SCORE!

**UNMATCHED WEAR
 RESISTANCE!**

Turfce® MoundMaster Blocks

Virgin packing clay, no additives to diminish quality. High plasticity provides the best underlying structure to stand up to the intense activity received by pitching mounds, batter's boxes, and catcher's boxes. 304 blocks/pallet. Packed 8 blocks/bag, so they store easily and will not dry out.

#434278 - 50lb bags \$569.00/pallet

Turfce 5 Star Packing Clay

EXCELLENT PERFORMANCE AT A COMPETITIVE PRICE!

- *High Density* silt/clay content for strong bonding
- *Ready to Use* just open, pour and pack
- *Durable* stands up to high levels of ongoing wear
- *Versatile* use at all levels of play

#434859 - 50lb bags/ 40 Bags per pallet
 1 - 6 pallet \$15.59/bag • 7+ pallet \$14.99/bag

Professional Mound Clay

BUILD YOUR MOUND AND PLATE RIGHT!

- *Lasting Performance* 100% Pure virgin clay
- *Ideal* material for shaping mounds
- *Pliable* construction makes it easy to mold
- *Red is Durable*, high level of plasticity

#434504 - 50lb bags/ 40 Bags per pallet
 1 - 6 pallet \$18.15/bag • 7+ pallet \$17.41/bag

Turfce® MVP

Fights infield compaction that leads to running, sliding and ball hop injuries. MVP holds moisture, nutrients and increases drainage due to balanced air and water pore space. Absorbs its weight in water.

**Play Can Resume
 Quickly After Rain!**

#434500 - 50lb bags
 1 - 6 pallet \$8.89/bag
 7+ pallet \$8.50/bag

Turfce® ProLeague

Patented soil conditioner made with small more consistent particles that flow easily for aerification. Used as a topdressing ProLeague prevents slick and muddy conditions that destroy turf and make fields unsafe/unplayable.

**ProLeague Saves
 Games!**

#434508 - 50lb bags
 1 - 6 pallet \$10.43/bag
 7+ pallet \$10.15/bag

Turfce® ProLeague Heritage Red

Classic, rich cherry wood color for skinned infields. Offers the same optimum moisture management professional groundskeepers have come to expect.

**Excellent Ball
 Visibility!**

#434525 - 50lb bags
 1 - 6 pallet \$13.60/bag
 7+ pallet \$13.16/bag

Clay Tampers

1-5/8" steel handle permanently welded to 1/4" steel plate tamps.

- #437244 - 8" x 8" \$54.80
- #437245 - 10" x 10" \$59.37
- #437243 - 4" x 10" \$46.99

Turfce® QuickDry

Make muddy conditions a thing of the past. Once applied, QuickDry works over and over again. It is perfect for team gathering spots.

#434503 - 50lb bags
 1 - 6 pallet \$10.37/bag. 7+ pallet \$9.84/bag

Triple Play

INFIELD MIX

THE BETTER CHOICE...

- 1. BORN FOR BALLFIELDS.** Triple Play Infield Mix is engineered specifically to perform as an infield surface. It is not simply a repurposed sand and gravel byproduct.
- 2. GUARANTEED CONSISTENCY.** Tested by an independent laboratory to ensure it meets ASTM Infield Mix standards.
- 3. QUICKER RAIN RECOVERY.** Forms a solid playing surface that promotes excellent surface drainage for quicker rain recovery.
- 4. THE PRICE IS RIGHT.** Made in Chicagoland and priced to fit into the slimmest park, school, or youth baseball budget.

PLAY WHEN NO ONE ELSE CAN!!

- 1. USE LESS WATER TO GET OPTIMAL PLAYING CONDITIONS.** Infiltration surfactant reduces surface tension for faster and more uniform penetration.
- 2. MAINTAINS MOISTURE LEVEL FOR LONGER.** Hydration surfactant molecule attaches to soil particles and evenly disperses water.
- 2. ENVIRONMENTALLY SAFE & BENEFICIAL FOR ALL SURFACES.** Multi-functional carrier is readily biodegradable and improves structure.

50lb Bag, #434518

RED TREAD WARNING TRACK MIX

- Solid footing helps keep athletes safe
- Excellent appearance and playability
- Superior drainage for fewer puddles
- Stays in place for years of use
- Available with a stabilizer for increased firmness

"WATCH US."

4 x 1 490222 82.35 per gallon
 2 x 2.5 658112 80.40 per gallon
 30 490234 78.35 per gallon

At PBI-Gordon, we never stop innovating. So when original SpeedZone® became the #1 speed herbicide in the industry, we went to work. The result is **SpeedZone® EW Broadleaf Herbicide for Turf**.

The advanced emulsion-in-water formulation of SpeedZone EW delivers a smaller particle size than an EC formulation. The smaller droplets deliver more active ingredients to the leaf surface, which leads to more complete coverage of the weed surface and improved efficacy.

SpeedZone EW delivers:

- Lower odor profile and lower Volatile Organic Content than EC formulations
- Controls of 90+ broadleaf weeds including clover, dandelions, and ground ivy
- Fast, post-emergent control of goosegrass and nimblewill

Always read and follow label directions. Checkered Flag®, and SpeedZone® is a registered trademark of PBI-Gordon Corporation. 10/20 06017
