

MicroPel®

Granulated Calcium and Micronutrient Source

H-201Series 100

Guaranteed Analysis

Calcium (Ca)	30 %
Magnesium (Mg)	1.3 %
0.25% Water Soluble Magnesium (Mg)	
Sulfur (S)	1.7 %
1.70% Combined Sulfur (S)	
Iron (Fe)	1.0 %
0.74% Water Soluble (Fe)	
Manganese (Mn)	0.14 %
0.10% Water Soluble Manganese (Mn)	
Zinc (Zn)	0.23 %
0.17% Water Soluble Zinc (Zn)	

Derived from: Calcium Carbonate, Magnesium Sulfate, Ferrous Sulfate,
Manganese Sulfate and Zinc Sulfate

Net Weight: 50 lbs bag (22.7 kg)

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals>

Test your soils regularly

This is the best agronomic method to get the most out of your soils with the least amount of inputs possible. Shop wisely for good NPK products either liquid or dry forms, based upon your soil test results.
