CRABGRASS PREVENTER

with **LAWN FOOD**

• GROWS HEALTHY LAWNS
• CONTROLS CRABGRASS

- Apply March - Early May
- #1 preemergent crabgrass preventer
- Prevents crabgrass and fertilizes in one application
- Non-staining - no staining on sidewalks or driveways
- Includes slow release nitrogen for long-lasting feeding

- Number 1 preemergent crabgrass preventer
- Controls crabgrass and control or suppression of many other annual grass and broadleaf weeds in established lawns
- Can be applied 4 weeks later than other preemergence crabgrass preventers
- Early post emergent control of crabgrass
- Includes slow release nitrogen for EXTENDED feeding
- High potassium to help against disease drought and to improve plant hardiness

STEP 1

Apply March - Early May

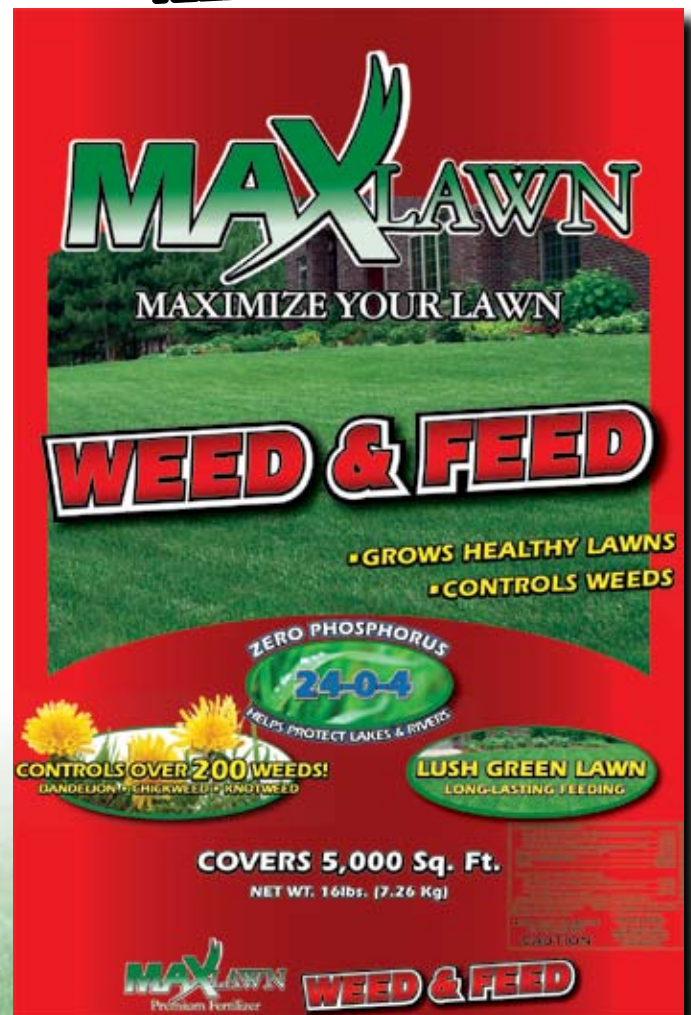

WEED & FEED

- GROWS HEALTHY LAWN
- KILLS WEEDS

- Apply May - July
- Contains VIPER® herbicide, which controls dandelion, chickweed, knotweed and many other broadleaf weeds
- Controls over 200 broadleaf weeds and fertilizes in one application
- High active ingredient - 1.757% for premium weed control
- Includes slow release nitrogen for long-lasting feeding

- Contains VIPER® Herbicide
- Controls over 200 broadleaf weeds
- 4-way activity for SUPERIOR BROADLEAF WEED CONTROL
- One of the highest active ingredient labels on the market - 1.757% Active Ingredient
- PATENTED ESTER/ACID Formulation:
 - immediately available for weed uptake
 - aids in adhering product to the weed
 - promotes leaf surface absorption
 - effective under cool conditions
- Premium efficacy without paying a premium price
- Competes against the national brand
- Includes slow release nitrogen for extended feeding

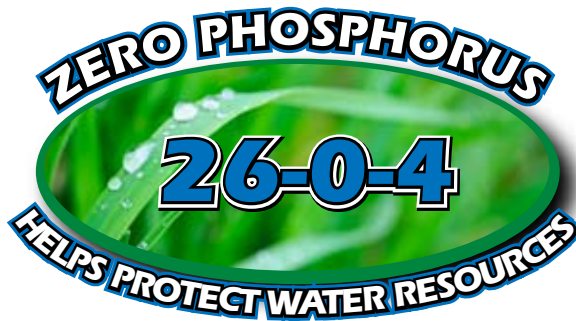

STEP 2

**Apply
May - July**

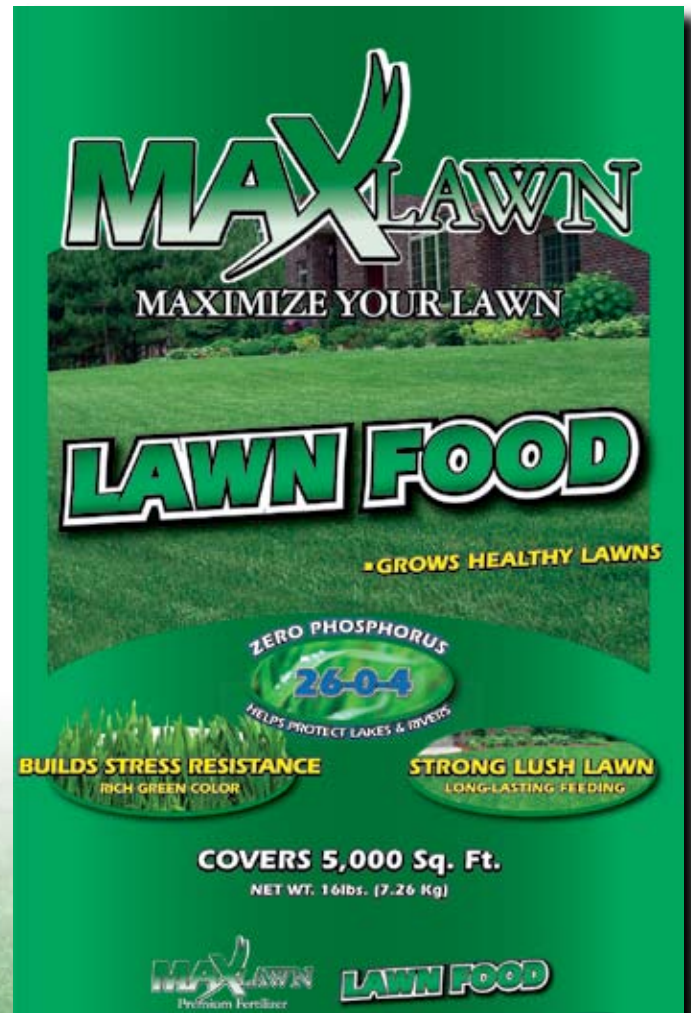

LAWN FOOD

■ GROWS HEALTHY LAWN

- **Apply June - September or ANYTIME**
- **Thickens and promotes a lush green lawn**
- **Promotes rich green color**
- **Includes slow release nitrogen for long-lasting feeding**
- **Apply anytime to grow a healthy lawn**

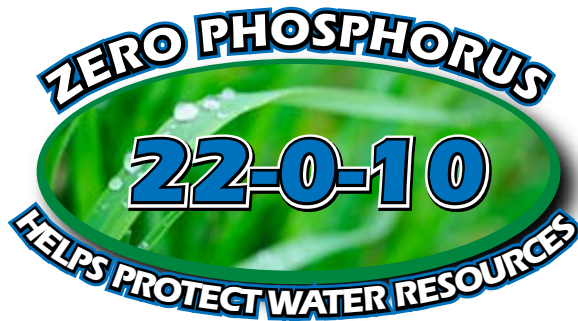

- The IDEAL all-season fertilizer
- For use on all varieties of grass
- Sulfur coated urea for a longer lasting green lawn
- Iron sucrate enhances a faster, richer, deeper green
- Iron sucrate - non-staining iron
- Balanced formulation to meet the demands of most turfgrasses under a broad range of soil types & conditions
- High potassium for disease/drought resistance and plant hardiness

STEP 3

**Apply June -
September**

WINTERIZER FALL FERTILIZER

■ GROWS HEALTHY LAWNS

- Apply September - November
- Prepares lawn for winter
- Improved spring green-up
- Promotes a strong lush lawn
- Includes slow release nitrogen for long-lasting feeding

- Specially formulated to maximize root building and winter hardiness
- Prepares your lawn for winter dormancy
- Fall feeding increases the carbohydrates in the plant, providing for a healthier winter dormancy
- Very high potassium analysis to prepare the turf for the stresses of winter dormancy
- Promotes a thicker, greener lawn next spring
- Slow release nitrogen for a longer lasting green lawn
- Iron sucrate enhances a faster, richer, deeper green

STEP 4

Apply September - November

STARTER FERTILIZER & LAWN REVITALIZER

■ GROWS HEALTHY LAWNS

- Provides a generous supply of nitrogen, phosphorus and potassium for establishing a newly seeded or sodded lawn
- Specially formulated to maximize root building
- Promotes thick turf and a healthy root system
- Optimum supply of phosphorus for establishing the root system
- All-Mineral starter that is available to the plant immediately

- **Apply anytime**
- **Use whenever seeding or sodding**
- **Accelerates new growth**
- **Revitalizes soils low in nutrients**
- **Counteracts phosphate deficiency**

10-10-10 ALL-PURPOSE

- Gives your plants the nutrients they need
- Use on gardens, flowers, lawn, trees and shrubs

- **Apply anytime**
- **Provides nutrients to grow healthy plants**

Grub Control

- Kills Grubs Now and Prevents Them From Damaging Your Lawn All Season Long
- Grubs Stop Feeding and are Controlled Within Days
- Also Controls Lawn-Damaging Armyworms, Cutworms and Sod Webworms

- **Apply May - August**
- **Kills grubs now and prevents damage all season long**
- **Also controls lawn damaging Armyworms, Cutworms and Sod Webworms**
